

JARDOWN EXTRAORDINARY EVENT SPACE IN THE CAPITAL

012CENTRAL PRECINCT

Spectacular and unique corporate events
Tailored corporate event spaces

012central, as its name implies, is the centre of the Tshwane area, and the centre of commerce, entertainment and creativity within Tshwane.

The space is a shell venue, and the opportunities are endless.

This prime location was identified by City Property as the ideal spot in the inner city to come out and play.

The multi-space precinct is made up of a number of closely situated buildings which include a variety of venues, from intimate rooftops to sizable industrial spaces for your event.

This building was originally designed for a tobacco distribution business in the style of a hangar.

The acoustics in the space are exceptional thanks to the massive volume and curved roof.

Ample parking available on site.
