

# THE 012

## 012CENTRAL PRECINCT

Spectacular and unique corporate events  
Tailored corporate event spaces

012central, as its name implies, is the centre of the Tshwane area, and the centre of commerce, entertainment and creativity within Tshwane.

The space is a shell venue, and the opportunities are endless.

This prime location was identified by City Property as the ideal spot in the inner city to come out and play.

The multi-space precinct is made up of a number of closely situated buildings which include a variety of venues, from intimate rooftops to sizable industrial spaces for your event.

The main events space is at the heart of 012central with four other event venues nearby. 012central, the cornerstone of the precinct on Helen Joseph Street, currently hosts a monthly market.

The space has an incredible sense of scale and can accommodate up to 1200 guests.

Artwork and greenery are incorporated in this urban setting, and it also makes use of an outdoor section.
