Dear tenant

Protecting your payments with City Property

In today's digital world, while online transactions offer great convenience, they also come with increased risks. We're reaching out to ensure your payments to us are always safe and secure.

Unfortunately, scams involving individuals attempting to trick clients into paying into incorrect accounts are on the rise.

Please be aware that our banking details are unlikely to change. Any communication suggesting a change should be treated with extreme caution.

If you receive such a notification, please contact our offices immediately on 012 319 8700 or propworld@cityprop.co.za to verify its authenticity.

Your trust and safety are incredibly important to us.

The City Property Team
